Institutional response

- H1N1/Influenza virus “Exposure Control Plan”
- Information sessions for management staff
- Communication and education strategy
 - Web site: www.kwantlen.ca/H1N1info
 - Posters
- Reporting and tracking
- Hygiene measures
 - Increase cleaning
 - Hand sanitizers

International Programs

- How does institutional policy influence our response and communication to the H1N1 epidemic?

- Communication
- Information
- Service

Current outcomes

- No “confirmed” cases
- Few inquiries
- No impact on applications
- High degree of awareness
